

NEW CLASS BEGINS IN SEPTEMBER

This book study, led by Rev. Gene Bacon, will study the late Marcus Borg’s book *The Heart of Christianity*. Students will be expected to purchase the book (about \$10 on Amazon) and read two chapters per week. This should take about 6 weeks. The class, beginning in mid-September, will consist of six one-hour sessions. The book compares and contrasts, traditional Christian theology (preached by most television evangelists) with a more modern perspective that takes into account new scientific theories and changes in the way we view the world, ourselves and God. Topics covered will include: Faith - the way of the heart; The Bible - the heart of the tradition; God - the heart of reality; Jesus - the heart of God, and a number of others. One reader put it this way; “Return to the passion of a life lived in faith. Rediscover the intimacy of a relationship with God. Come back to the Gospel values of love and justice and you will find yourself immersed in *The Heart of Christianity*. You will treasure this book.”

If you are interested in taking this class please indicate your preferences below.

- _____ I would prefer a Wednesday or Thursday late morning class
- _____ I would prefer a Wednesday or Thursday mid-afternoon class
- _____ I would prefer a Wednesday or Thursday evening class
- _____ I would attend any of these
